Other Development Information:

- A. See **Infill Standards and Methodology** for existing residential neighborhoods (Sect 16.05.110)
- B. See **Lot Averaging** for flexibility in residential lot sizes in subdivision of 10 or more lots (Sect 16.05.140)
- C. See **Open Space and Site Design** standards for multi-family housing (Sect 16.05.170)
- D. Select **Collector and Arterial** streets have greater front yard setbacks (see Table 16.05-9)
- E. All **garage doors and vehicle access** openings shall be setback at least 20 ft from closest adjacent property line (see Table 16.05-9)
- F. **Accessory structures** < or = 20 ft high can have a 5 ft rear and side yard setback.
- G. In a residential zone, a **side and/or rear yard** may be reduced to 3 feet for an accessory structure erected more than 60 feet from streets other than an alley)
- H. In any residential zone, the **rear yard of a corner lot** may be reduced to 8 feet for an accessory structure and its projections erected more than 25 feet from streets.
- I. **Fences:** See Table 16.05-8.

*1 – If front is <15 ft, street side shall be a minimum 15 ft. If street side is <15 ft, front shall be a minimum of 15 ft.

*2 – See Land Development Code – Table 16.05-13 for density bonuses.

[] -- Setbacks when abutting a residential zone.
