# Homecoming

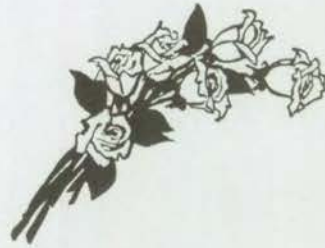

Homecoming activities got off to a great start and made a smashing successful finish for 1983. "Still the One" was the theme for homecoming week and that proved to be true as the spirit grew throughout the week.

At halftime the Homecoming court was introduced to the 4,000 Warrior rooters. The court included: Freshman princess Kathy Dufault-escort Mike Rappe and princess Sharon Kim-escort Mike Phelps. # 84 IS THE YEAR 4

# SPORTS

# Varsity Football

The Warriors should be very proud of themselves again this year. Even though they only accomplished one of the two main goals they had set for themselves, they have two statistics that they can look on and build on.

On September 30, the Warriors beat Corvallis 41-14, for the fourth straight year in a row. The last five times that Lebanon and South Salem have met, Lebanon has come out victorious. Two of the games were in the semi-finals of the Class AAA playoffs. The other three have been in regular season, starting in 1981.

Everyone expected South Salem to be tough, although they gave Lebanon some struggle, the Awesome Warriors proved their strength and came out victorious, 21-11. While the players were in the locker-room, a hot-air balloon, with a sign that said, "Warriors are Hot," floated around the field. The balloon seemed to really quiet down the Saxons! And . . . in the second half, the Warriors alone quieted the Saxon fans for good by showing the Saxons how good they really were.

They were runners up at State for the last two years. Momentum was something the players had. They came out of the regular season with a 28 point win, and the thought of state just up ahead.

The Warriors played Crater at Parker Stadium on November 11, at 7:30 p.m. The Warriors joined the Comers in a 48-14 win! The second round came quick. It was November 18, at 7:30, when the mighty Warriors, at 10-0, met up with the Tigard Tigers. At the end of the fourth quarter, everyone looked on with disbelief. They couldn't believe what the scoreboard read: Lebanon 20, Tigard-30. The Warriors ended a fine season.

The next day, signs were up all over town proclaiming the team's victory. One sign read, "Warriors are still #1 in our hearts!"

The mighty Warriors fell short of taking State this year, but they proved their great talent and sportsmanship by taking the Valley League Title for the third consecutive year!!! We love you Warriors!!! Thanks for making 1983 one of the most exciting years ever at LUHS!!!

# JV Football

The Lebanon JV football team shows promise though having lost four games.

The young Warriors started the season with three victories. After some key injuries, the Warriors dropped four straight games to their valley league foes.

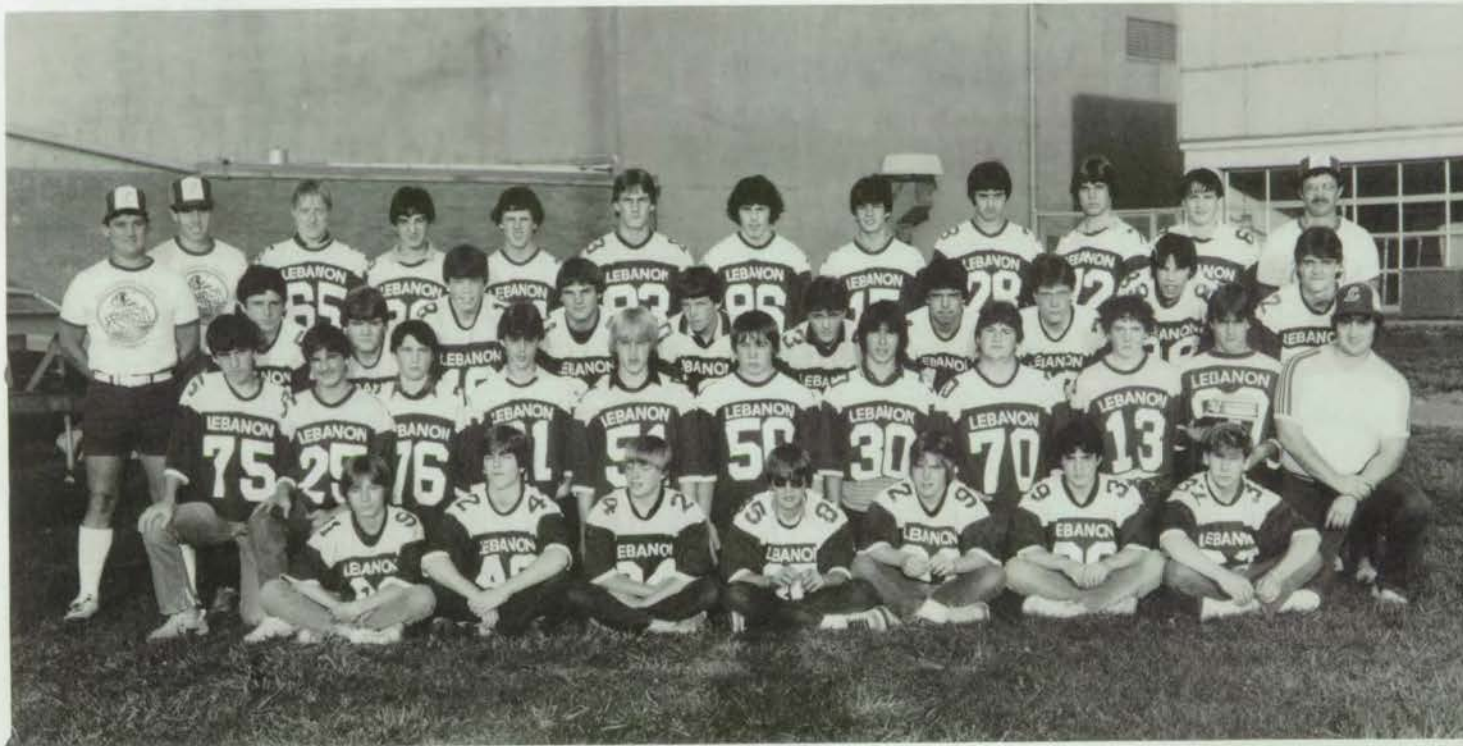

The team came back and finished the season with two straight wins. The final record was 5 wins and 4 losses.

This team could be characterized as a hard-working, talented group that will keep the future bright for the Lebanon football program.

They performed in a series of dance routines which were greeted with great enthusiasm by the community and students alike.

Have you ever wondered how all the food gets done in time for lunch? Well, a group of the cooks get to the school at 6:30 a.m. and start cooking and preparing the days' meal. Then, after lunch is over with, they clean up and prepare for the next day.

You think you have to get up early in the morning? Well, the bus drivers are down at Central Office by 7:00 a.m. just to get the buses so they can have you at the school by 8:20 — ready for first period.

# Maintenance

The maintenance department at the high school works around the clock daily, with each shift contributing to the smooth operation of the school.

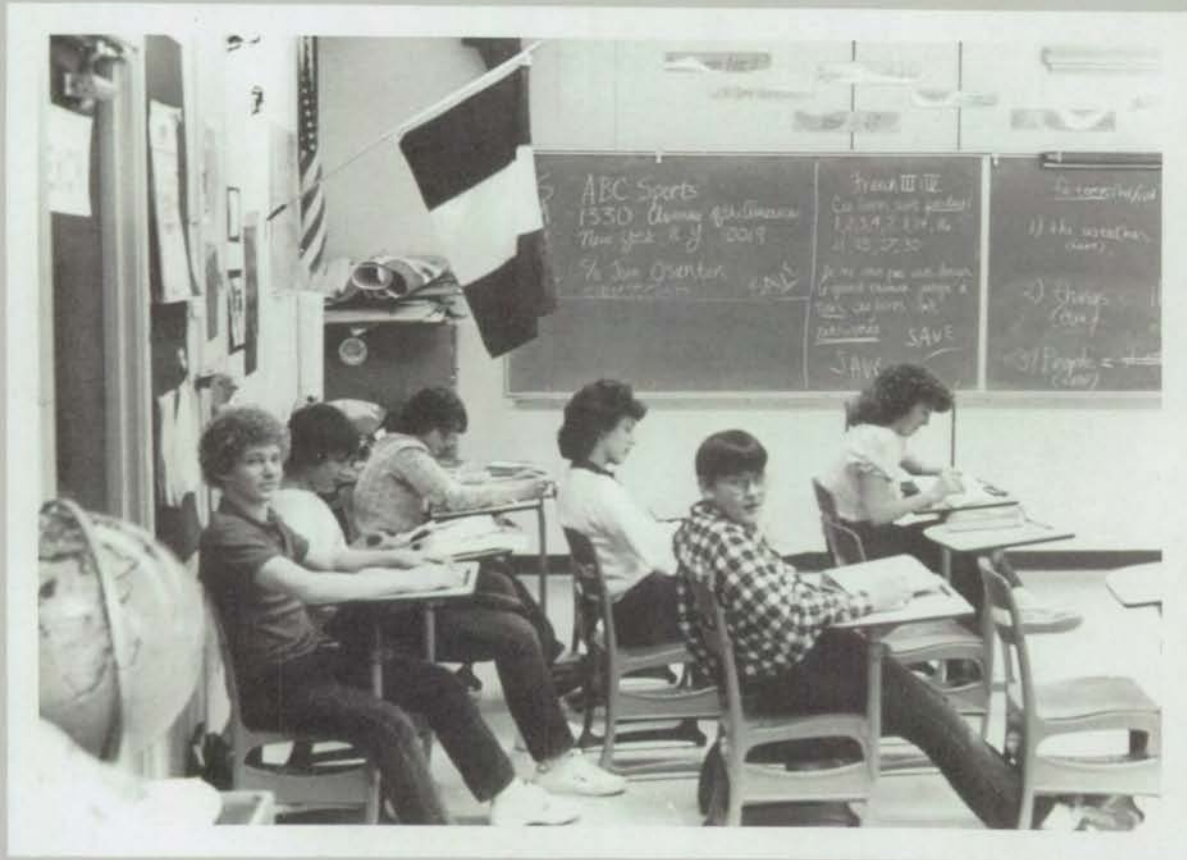

The maintenance department includes the Grounds keepers, Janitors, and the Laundress. If a student was ever in need of having his locker opened up he would call upon Ivan and his gang, or if a team ever needed extra towels, Betty Rye was always there.

# 84 IS THE YEAR 4 . . .

# ... ACADEMICS

# Annual Staff

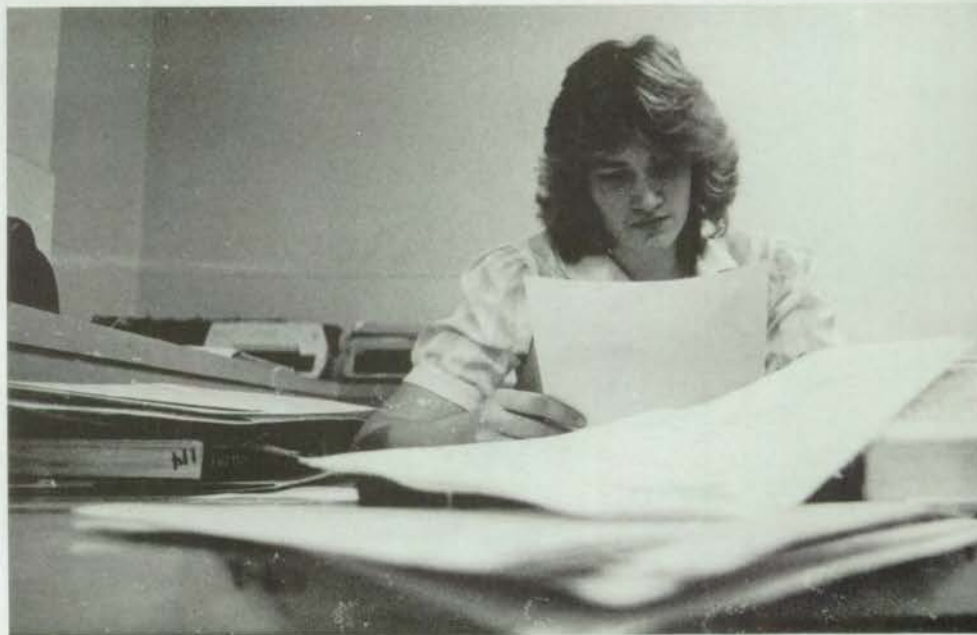

Annual Staff 83-84 accomplished many feats that last year's staff did not. This year's annual staff had many new people including Keri Bailey, Cindy Barnett, Wendy Binks, Yassodara Camozzato, Duane Canida, Jill Gray, Marc Laliberre, John Lindsey, Alessandra Mauri, David Warren and Tami Wilson. Also, Shirley Schmidt took over as new advisor, replacing Carol Schindler. Returning annual members were Editor: Stephanie Marr, Photography Editor: Kevin Canoy, and Copy Editor: Tiffany Hildebrandt.

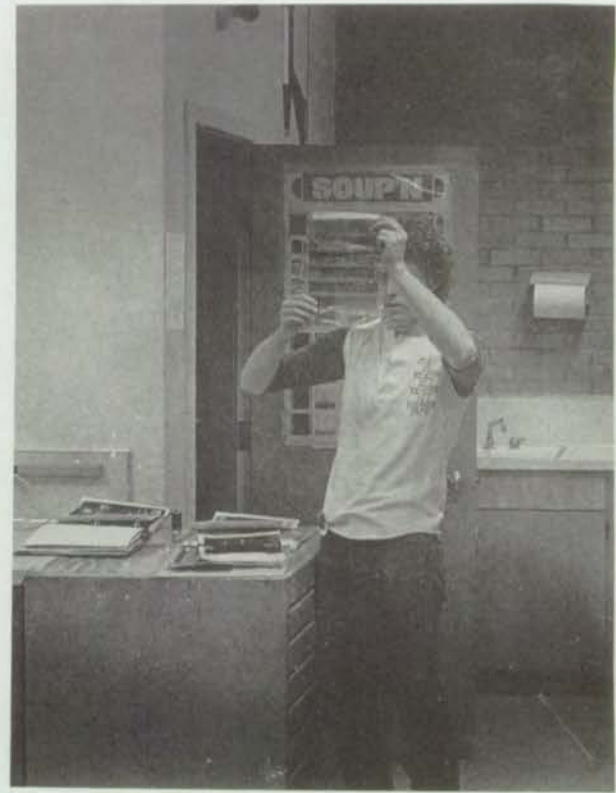

The newest members had to learn everything from the basics of drawing a rough layout, to the complications of putting the annual together. They did a very good job as their first year and they should be proud to be on the annual staff, for it is a very rewarding job. I would like to wish next year's annual staff good luck, you're gonna need it!

# Warrior Image

The Warrior Image had a split year for the 1983-84 school year. For the first semester the staff consisted of: Editor- Terry Axen, Copy Editors- Jill Gray and Aaron Miller, Photographers- Heather Simpson and Stacey Prine, Typist- Brenda Kuhns, Reporters- Tammy Tucker, Steve Garcia, Paige Wallace and Sherry Dowdy.

As the second semester approached people changed schedules and thus the new staff was made up of: Editor- Heather Simpson, Copy Editors- Terry Axen and Aaron Miller, Photographers- Lynn Saunders and Brad Pitts, Typing Scheduling Stacey Prine, Sales Manager- Greg Rieskamp, Design- Larry Newell, Reporters Steve Garcia, James Markin and Jim McCoy.

Under the supervision of John Curry, the Warrior Image was published once every two weeks for the first semester and once every three weeks for the second semester. Working closely with the Lebanon Express, the staff was able to type and send their copy from the Express to the Albany Democrat Herald for printing. When the copy returned, the staff began layout and the final stage of printing at the Express, the paper was finished and it was time to move ahead to the next issue.

# Student Government

Scott Biles, Bruce Martinak, Leslie Namitz, and Jim Dart helped to make 1983-84 a very successful year at L.U.H.S. They worked with Mrs. Smith throughout the summer of 1983 to plan activities for the 1983-84 school year.

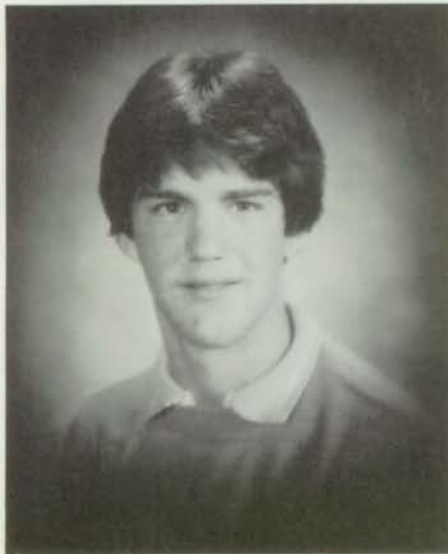

The Student Body Officers were elected last spring and assumed duties then, in helping with Mayfest '83.

This year's Student Body Officers accomplished a great deal of activities that got the whole student body involved.

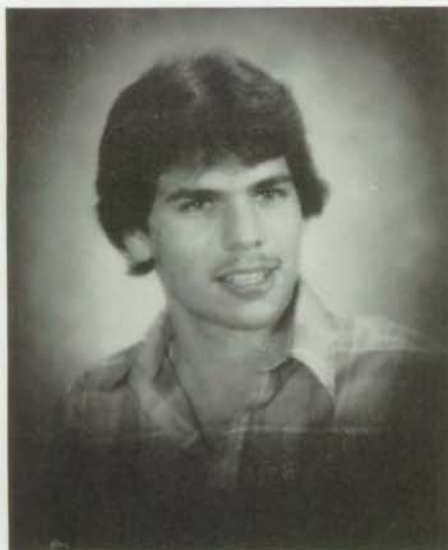

The appreciation for the success of the 1983-84 school year belongs to the Associated Student Body Officers and the Leadership Class.

# Cadet Teachers

This year seven students participated in the Cadet Teachers program. They are: Debbie Geno, Yassodara Camozzaro, Stephanie Straub, Jeff Grove, Bo Yares, Jeanette Voll, and Karen Hester. The program involves direct experience in the schools in town such as Cascade School, Middle School, and Green Acres School. The students have at least two periods daily in the classes and they have to help teachers in conduction or organizing their lessons; they also help the children in class-work, homework, library work or individual problems. The class teacher requests a daily report of experience in classes and some resources, but most of the work is done in class directly with the kids: "I love to watch them improving and growing day by day," said Debbie Geno.

"Those kids are wonderful, they are so sweet, I feel like a sister for them, even if they respect me. I really needed an experience like this because I want to be a teacher," said Yasso.

# Social Studies Center

A new Social Studies work area was added to the library this year. Its purpose was to provide an area where students from social studies classes could go for research, other assignments, or to make up tests and receive help from a social studies teacher.

It is staffed entirely by social studies teachers during all seven periods. They hope to be able to add resource and A.V. materials to the center next year, making it almost self contained and eliminating much of the students reliance on the library.

# Career Center

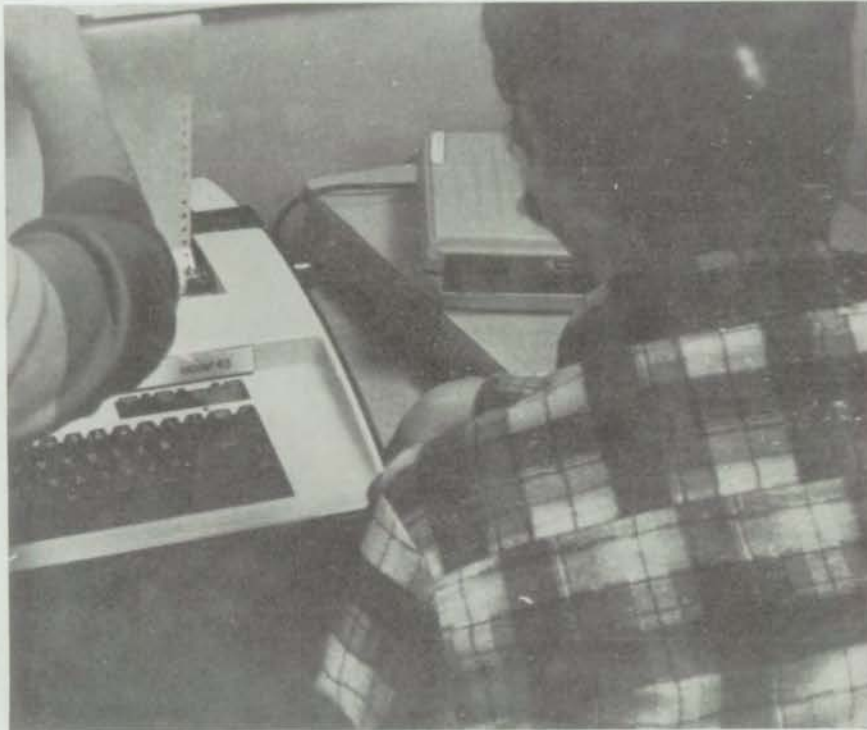

The Career Center proved to be a very valuable resource throughout the year for students. During the first of the year, the center was used for freshman orientation and later for scholarships and college information.

Under the supervision of Shirely Debets, aides were able to help incoming students and to organize the resource center for easy access. The most valuable resource of the Career Center was the computer. The computer's knowledge ranged from scholarships, colleges, career preparation and description.

Thanks to the Career Center, many students are now on their way to a successful career.

# Work Experience

The Work Experience program, under the direction of Mr. Humphrey, involves students of sophomore level up who have various jobs around the community. Some students work at different locations to earn credits. Other students who held required jobs would leave early or start later in the day, if they have jobs in the morning. These students earn credit hours and their regular pay. This proved to be a very valuable program for students to both attend required classes and meet the requirements of a job.

The Vocational Computer lab in room 21 was established this year to directly support the various activities in the Vocational Area. Computer accounting projects, payroll simulations, inventory control, word processing projects, agriculture simulations, and building heat loss are some of the ways that computers are used by the vocational area to help train students for the world of work.

# American Field Service

The AFS was founded in 1914 by former American Field Service Ambulance drivers. American and foreign students were hosted by families in Europe during their service year in World War I and II; after the war, some of them decided to go back to visit those families where they had been hosted or to host their "brothers and sisters" in this country. The program started officially in 1948 with the motto "walk together, talk together." The program now promotes international understanding primarily through exchange of secondary school students age 16 to 18 years old.

The program involves almost all the countries in the world. The program in Lebanon started in 1958 with an Italian student, Gianni Casetta and Ann Morse who went to Germany. Since then, 43 students from all over the world, even Ethiopia, Netherlands, Turkey and Uganda came in Lebanon; and 41 went abroad.

Entering into the library one cannot help but notice the 38 flags hanging on the wall. But probably very few know the story that is behind these flags.

In 1975 our library was enlarged and where it used to be windows, a wall was put. The library staff decided to put something artistic on that wall. Mrs. Williams suggested putting up some flags to represent the countries where the A.F.S. students had gone or had come from. She worked hard for 18 months to find a way to buy these flags. Finally, the American Legion Post 51 and Auxiliary decided to pay for the 25 flags that started the collection in our library.

On January 11, 1976 during a dinner with the theme "Spirit of '76", the 25 flags honoring American Field Service Exchange students were placed on the wall.

Our collection in the library now numbers 36 flags representing all the countries involved with the Lebanon program and also the United States and United Nations flag.

1. **Yassodara Camozzato**, Anthony Berlein, Alessandra Mauri: "Half of our heart is still in our countries but half, now, is here in Lebanon, Oregon. Alex, Tony and Yasso are the three A.F.S. students for 83-84 from Italy, South Africa and Brasil.
2. **Robert Waltenberg**, Gwen Gilbert and Kari McCommon are the three students from Lebanon that will leave this summer for a two month experience with the A.F.S. program: "WE are ready to go!!"

# American Field Service

Our A.F.S. year is like the rain. Great clouds, like countries, form in the sky. They are full of rain-drops, like millions of people including us. The rain falls everywhere, and we fell in the ocean of humanity, the U.S.A.

We mix and mingle with the water in the ocean and emerge as part of that water. For some time we share our lives with all the other drops in the great ocean. Then comes a time, however, when some of the water evaporates back into their respective clouds, but water always flows back to the ocean, and wherever we fall during the rest of our lives we will always remember you!

"When they ask me if I knew you, I'll smile and say you were a friend of mine."

Love,  
Alex  
Tony  
Yasso

*Mrs. Williams:* She dedicated a lot of time and work for the "cause" of the A.F.S.

# Humanities Seminar

Every year, teachers select students from the junior class to participate in the Humanities seminar taught by Mr. Reynolds. The students selected then have a chance to sign up for the class for their senior year. The exchange students attending LUHS are also invited to attend.

The program is usually suggested by the teacher and the students can choose arguments and subjects that they would be interested in studying. The lessons are given by the students themselves after they divide into groups and choose the subjects they are interested in presenting.

Under the direction of the teacher, the foreign exchange students are allowed to present their countries and also hold a banquet to present their native food to the whole class.

This year, the 19 students that participated in the seminar were: Troy Stutzman, Robert Halsey, Brad Tracy, Teresa Shirley, Karen Leppink, Tony Berlein, Alex Mauri, Yasso Camozzato, Elizabeth Brown, Lynelle Greiner, Mary Ann Rusher, Mike Schumacher, Janet Hendricks, Eric Patterson, Ed Rappe', Steve Witten, Brian O'Driscoll, Chris McCammon, Jim Dart.

The class also organized a trip to Portland, a trip to the opera, a talent show, and a Sham-O-Gram sale to raise money for the trips and to later put on a play for the other English classes.

This year's program involves such topics as "Weddings and Divorces," "Poetry of Dante," "About Religion," "Kire building," "Law and Courts," and many others.

# ASB Elections

The week of April 16th was a busy one because of the ASB elections. The 1984-85 elections were set up so the students could see what it is like to vote in official voting booths. Six booths were borrowed from the County Courthouse. On Monday morning the students gave their campaign speeches and after school they set up their booths. Tuesday morning came and everywhere you looked were students wearing anybody's and everybody's burtons. Voting took place Thursday until lunch ended and at the end of 7th period the winners were announced. The officers for the 1984-85 school year are: PRESIDENT- Amy Aitkin; VICE PRESIDENT- Molly Evans; SECRETARY- Janice Pullen; TREASURER- Chris Mercalf.

# Outdoor School

Three ODS (Our-door schools) were held the week between the 20th and the 25th of May by the Middle school, Tennessee school, and Seven Oak school. ODS is mainly an experience for kids, they get between three and five days out from school to go camping and to experience the close relationship with outdoor life and nature. But every year, the teachers from those schools chose some students from the highschool to be counselors and to lead the groups of kids.

The counselors mainly have to stay in cabins with the kids, watch them during study groups, lunch periods, help the teachers in their study areas, and hold a recreation group that can be anything from volleyball, canoeing, archery, art, or horseshoe. The relationship between the counselors and the kids after the experience is very strong. Also, counselors have time to get to know each other better and share with other students some sad, happy, serious, or funny experiences. That is what happened to Debbie Geno, Yasso Camozzaro, Alex Mauri, and Chris Henne, who were sharing a cabin at ODS Middle school and found a dead rat in the toilet. Or share the fun of a canoeing day when everybody (Steve Garcia, Marr Johnson, Dean Walker, Yasso, Alex, and Chris (again!!!!)) concluded with a "non request" bath in the cold lake. Even if the weather did not help too much, ODS was a lot of fun again this year.

The ability to share things with others that you do and don't already know is a big part in the success of outdoor school.

1. **The counselors** (lined up in the back) are officially introduced to the kids.
2. **"We Welcome you** to outdoor school", was the song that welcomed the kids from the buses.

# Spring Play

1984 SPRING PLAY: LITTLE MARY SUNSHINE made a successful debut on April 5th and continued on 6th and 7th.

The cast of Little Mary Sunshine was composed of students from Music Classes.

The director, Mr. Butler had a wonderful time working with cast during practice and the production of the play.

Little Mary Sunshine takes place in the Colorado Rockies at the turn of this century. It is a musical comedy spoofs the operettas of the thirties and forties and has lots of pretty girls and handsome forest rangers with a few Indians thrown for good measure.

Teresa Shirley who portrayed Little Mary Sunshine, commented on her role: "Every moment meant so much, and I hope I always remember how I felt on the stage and the incredible moments afterwards. The whole cast was wonderful, and I hope they all live happily ever after underneath the Colorado sky!"

On Saturday, the play ended, but Little Mary Sunshine will still be in the singer's dreams. And one question is still unanswered: "Where is that sky so blue?"

Hacky sac, powder puff football, an air band contest and various other activities highlighted Mayfest '84.

It was set on a sunny friday afternoon that began a weekend filled with excitement for many students. That saturday was the Srawberry Festival Coronation, plus the beginning of Outdoor school.

# Jr./Sr. Prom

"Straight from the Heart" proved to be a fitting theme for the Jr./Sr. Prom held May 5 at the Elks Lodge. After hours of decoration and preparation by the Junior class, couples danced into the night with music from

Then the time came as each princess and her escort were introduced by Scott Biles. From the seven princesses, Dawn Arbogast was crowned queen by Mr. Richey. Many people involved in the Prom believe that it was one of the best in recent years.

The team batting average was .330. Jason Grizzle had the best average with a .543, second was Steve Meng with a .462, Brad McKinney was third with a .385 and James Troyer was fourth with a .378 average. Mike Rappe' lead the team with 15 stolen bases.

# Graduation

Graduation '84 was an event we will all remember for many years into the future.

This year's Commencement Ceremony was held in the gym because of the rain. The gym quickly filled with the parents, relatives and friends of the graduating class, all anxious for the ceremony to begin, and as they waited, the screams could be heard from the overly excited Class of '84 waiting in the auditorium.

Once the ceremony began, the speeches from Valedictorian Terralyn Udell and Salutatorian Janet Hendricks went quickly, and the moment we had all been waiting for had finally arrived—the receiving of diplomas. As the Seniors received their diplomas from Frances Christensen Baum, the cheering could be heard throughout the gym. But not as much as when Pam Mohri received her diploma. Pam received a standing ovation from her class and the audience.

When the ceremony was over and the roaring of the crowd died down and hugs and congratulations were given, the evening came to a close with the Senior party at the legion. It was an exciting evening for all of us involved and a very good year for the class of 1984. Good luck in the future.

Remember today and always for today we will share something new!

A very, very special day full of colors of RED and BLUE. . .

Our Graduation day is upon us, it is finally here, we have shared so much together; laughters, cheers, and tears. From football games to secrets about friends. . . Now in our past about relationships with new ones that we know will forever last.

I know we will be sad on this very special day, but we will also be happy because of new ambitions that will now face us along the way!

I hope it all works out when we come back for class reunions. Maybe we will be single OR be married with our own little ones.

But for right now it's time to close this chapter in our life, to remember OUR Class of 1984 and look back on it with pride.
