Physical description of property and statement of historical significance:

This building has cinderblock walls which are stuccoed on the east elevation, a flat roof and a rectangular floor plan. There are two stores with separate, recessed entries at the middle of the facade, and a pier between them. At each side there are large single-light display windows set above a low black and yellow tile wall. A flat metal awning supported by steel tie rods runs the length of the facade. At the parapet inset moldings outline a panel above each bay.
